Virginia Department of Forestry Services

Since 1914, the Virginia Department of Forestry (VDOF) has offered a variety of services to Virginia landowners to help them meet their goals and objectives. VDOF field staff are available across the Commonwealth to assist landowners with their questions and direct them to the resources necessary to develop, manage and protect healthy forests.

This brochure offers information about some of the many products and services we provide.

For more detailed information about VDOF services or to address a specific question, please contact your local Virginia Department of Forestry office and speak with your area forester or forest technician.

To find your local VDOF contact, visit our website at:

www.dof.virginia.gov

Local Programs

To determine if use-value taxation, agriculture and forestal districts or purchase of development rights programs are available in your locality, contact your local Commissioner of the Revenue.

For More Information

For more information about VDOF services or programs, please contact your local Virginia Department of Forestry office or visit:
