**Budget Summary**

The 2005 Camp cost $285 per camper for meals, lodging and all other camp expenses. Campers or local sponsors paid a $55 registration fee, and all 66 campers received a full scholarship for the remaining costs. There were 48 male and 18 female students this year. Eight teachers attended camp and were certified in Project Learning Tree. The 42 staff members served as “in-kind” contributors who were paid by their employers or truly volunteered their time. The staff represented 15 organizations.

Introducing... Forestry Camp

For almost 60 years, Holiday Lake Forestry Camp has introduced young Virginians to the knowledge and skills needed for managing the forest resources we use and enjoy every day. Administered by the Virginia Department of Forestry in cooperation with natural resource conservation agencies and organizations, the Camp is designed for students who:

▲ Want to explore and experience activities in forestry and wildlife-related careers
▲ Participate in forestry and wildlife judging teams, Envirothon competitions, or ecology clubs
▲ Have a special interest in hands-on learning about natural resource conservation

Camp is held at the Holiday Lake 4-H Educational Center located within the 20,000-acre Appomattox-Buckingham State Forest. This working forest provides a vast outdoor classroom for interactive learning. Classes are taught in the woods by professional foresters, wildlife biologists and conservation resource specialists. Courses include:

▲ Sustainable Forest Management Practices
▲ Timber Harvesting and Reforestation
▲ Tree Measurements
▲ Environmental Protection
▲ Wildlife Management and Habitat Improvement
▲ Tree Identification

Field trips are taken to an active logging operation, arborist training, and a modern paper mill. Exploratory classes are offered in ecology, forest fire equipment and tactics, wilderness survival, canoeing, skeet marksmanship, and high ropes initiatives. Evening programs feature presentations by area game wardens, wildlife researchers, and forest firefighters. A LUMBERJACK FIELD DAY provides group competition in crosscut sawing, log-rolling and other traditional outdoor skills contests. Recreation and athletics are led by a qualified director and Red Cross lifeguards. Included are swimming, softball, volleyball and horseshoe pitching.

TEACHER TRAINING PROGRAM

Scholarships are available for educators to participate in Camp classes and activities. Teachers will also receive training in the Project Learning Tree curriculum and are eligible for 40 hours of re-certification points.

Scholarships Provided

The Camp is financed through contributions from forest industries, conservation agencies and associations, and individual sponsors committed to educating tomorrow’s young leaders.

Campers are selected from nominations made by teachers, forestry and wildlife professionals, Soil and Water Conservation Districts, 4-H and Scout Leaders and partner sponsoring organizations.

All students selected to attend Camp are awarded a $200 scholarship to defray some of the cost (such as food, facilities and activity materials) of attending Camp. Campers pay a $55 registration fee to confirm their attendance and acceptance of the scholarship.

Criteria for nomination and matching scholarship:

▲ an interest in forestry, wildlife or related conservation activities
▲ potential for benefiting from the Camp
▲ age 13-16
▲ good academic standing
▲ Previous attendees are not eligible

Nomination forms and other Camp information may be obtained on our Web site:

www.dof.virginia.gov/edu/camp.shtml

Simply complete our on-line nomination form, or mail forms to:
